Welcome Brochure

HELLO

I love photography, in particular shooting weddings full of beautiful moments when friends and family come together to celebrate the love of two people. I have the best job in the world!

I will work with you to create contemporary, natural images that capture your love and reflect your uniqueness as a couple. With my friendly, relaxed approach you can enjoy your day safe in the knowledge that I will capture every moment to create a stunning artistic record you can treasure forever.

I look for emotion, special moments you might miss and work with you to get the best out of people, whilst also bringing my own expertise in creative storytelling. It's vital to me that you feel comfortable being photographed and enjoy the experience. I want you to wake up as a married couple, reminiscing about the wedding and commenting on how fun it was to be photographed.

I am influenced creatively by everything around me. I am always looking for new approaches and different ways of capturing images. As well as following lots of other wedding photographers I also enjoy art photography such as the work by Martin Parr and Andreas Gursky. I regularly visit galleries for inspiration, in particular my all time favourite, London's Photographers' Gallery.

Whether your day is alternative or traditional, huge or intimate, I will bring my own colourful style to create high-quality wedding photos brimming with the atmosphere, love, laughter and fun of your very special day.

I can't wait to hear from you.

"Beth was a breath of fresh air, making us both so at ease that we felt we had known her for years! She has a wonderful eye for detail and has such a natural air about her that you forget she is taking photographs. This resulted in some amazing and natural photographs of our wedding which really reflected how we wanted the day to feel."

Other bits and bobs you might like to know:

WHO IS GOING TO TAKE MY WEDDING PHOTOGRAPHS?

Me! I wouldn't want anyone else and I can't wait. I also have great second shooters I regularly work with that can be hired for a small extra cost. Although I usually work alone, having a second shooter is recommended. I can't be in two places at once and so whilst I'm photographing the bride's pre-wedding preparations a second shooter could cover the Groom's preparations, which is a unique and fun time too. Having a second shooter also allows special moments to be captured from different angles, which means more photos and choice for you!

DO YOU HAVE INSURANCE?

Yes, I have Public Liability Insurance and Indemnity Insurance. Plus I carry two camera bodies and a range of lenses. I also use two memory card slots on each camera body and so every image I take is backed up. Belt and braces!

HOW LONG DOES IT TAKE TO EDIT MY WEDDING PHOTOS?

I always aim to get your wedding images to you as soon as possible as I know it's hard to wait! However during busy periods it can take up to five

weeks from your wedding date. Images will be supplied as Jpegs ready to print and in smaller files suitable for social media.

WHAT HAPPENS IF BETH IS ILL?

I would do everything in my power to make sure I am there for your wedding day. However if I'm not able to, I will do my utmost to find a dazzling replacement, I am part of a large network of amazing wedding photographers.

DO YOU SELL FRAMED PRINTS?

Yes, I offer a variety of products including framed prints, albums, photo montages as well as guest books and signing boards.

I'D LIKE TO KNOW MORE

Great, get in touch and we can arrange to meet for a no obligations consultation over a coffee or Skype. I'll bring my portfolio and sample albums for you to view and we can discuss your plans for the day. It's important to me that you would feel comfortable to have me join your big day, know what to expect and are happy with my style of photography.

HOW DO I BOOK?

Fantastic! To save the date all you need to do is pay a £300 booking fee and I'll issue you your contract.

ENGAGEMENT & COUPLE SHOOTS

WHY CHOOSE AN ENGAGEMENT SHOOT?!

You're engaged. Congratulations! That's a really exciting milestone in its own right.

An engagement shoot is a great opportunity to celebrate and also provides a valuable test-run, a chance for you to get comfortable in front of the camera, so on your big day you

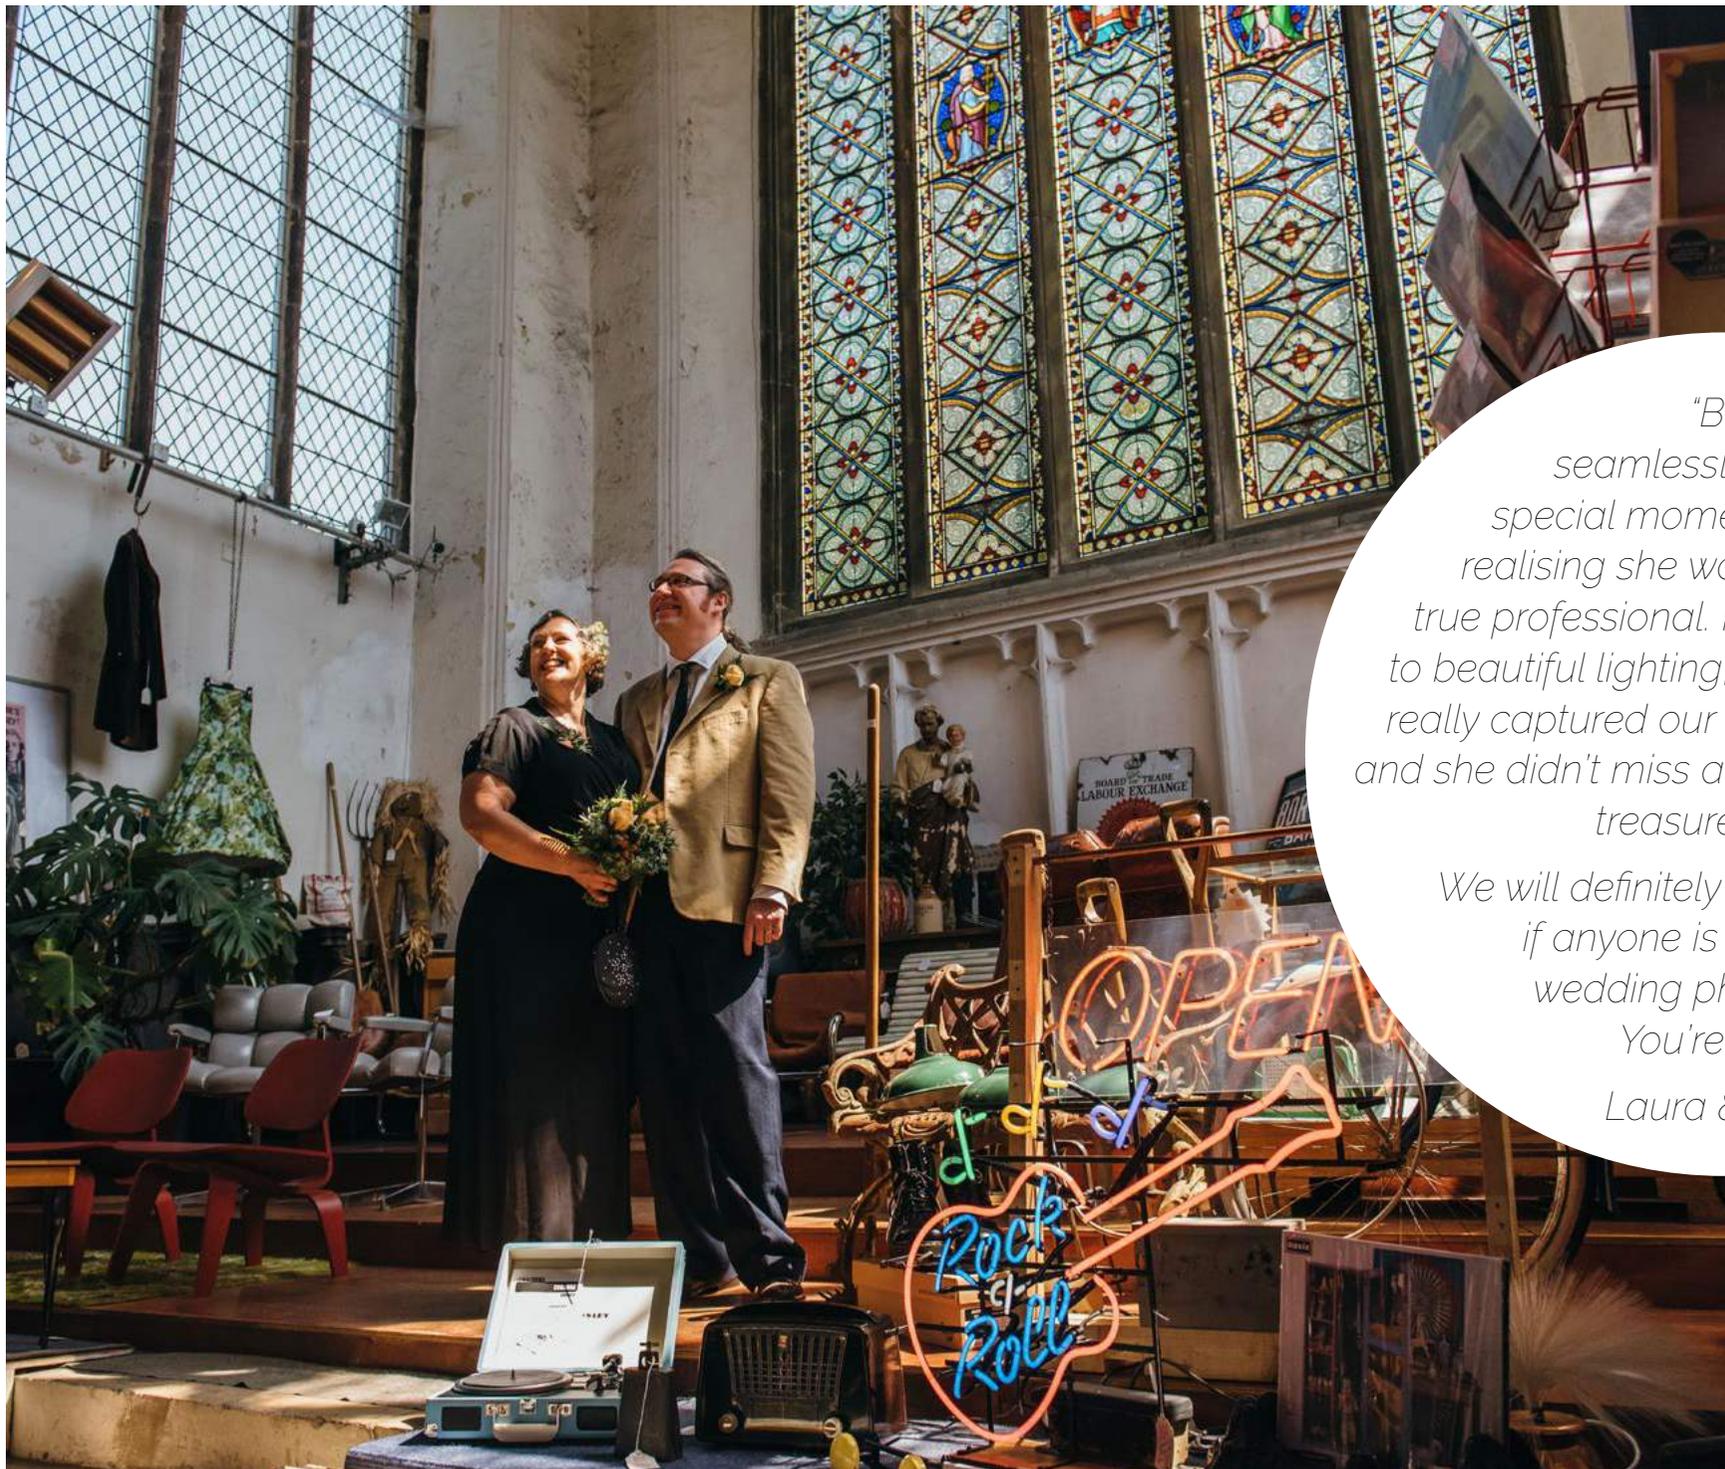

will feel more relaxed, natural and, as a result, look your most stunning! It's also fun to practice this posing malarkey without the enormity of your wedding going on around you.

This shoot is informal, a chance for us to get to know each other, communicate your vision, try out unique ideas, be creative and have fun!

Engagement photos can be very useful during wedding planning too. I provide a variety of photography products including guest books, canvas wraps, and framed photographs with a large mount for your guests to add their good wishes. If shot early enough I can provide the images for your 'Save the Date' cards and invitations.

Engagement shoots can be added to your wedding package for a fee of £200, or £250 if you haven't yet booked your wedding with me. The package includes 20 high resolution images saved onto a USB memory stick, and you can buy extra images.

I would advise scheduling your engagement shoot at least four months in advance of your wedding if possible.

"Beth seamlessly captured special moments without us realising she was there, she is a true professional. From vibrant colors to beautiful lighting, Beth's photographs really captured our special wedding day and she didn't miss a moment. Memories to treasure forever!"

We will definitely recommend Beth if anyone is looking for a wedding photographer.

You're a star!"
